RE: Federal Teacher Education Assistance for College and Higher Education (TEACH) Grant

Dear Student:

You are receiving this email as you may be eligible for the Federal Teacher Education Assistance for College and Higher Education (TEACH) Grant. We show you are currently pursuing a degree in Special Education which is one of the eligible fields selected to receive the grant. This grant is not automatically awarded, due to a commitment involved on your part once you received it. You must commit to teach in a low income school district full-time for four years in your high need field. If that commitment is not met then this grant turns into an Unsubsidized Stafford Loan with interest accruing from the first date the grant was disbursed. Below is information regarding the grant requirements!

If you wish to be considered for the grant for the 2019-2020 aid year you will need to do the following:

2. Must be a junior, senior or Graduate student pursuing a Bachelor or Masters’ degree to qualify (see below information sheet)
3. Turn in a copy of your signed Program Course Distribution Plan (Program Plan) pertaining to your degree to the Financial Aid Office/Attention Mrs. Moretta. You can turn in a copy in Simmons Hall, Room 202 or email to moretta@uakron.edu
5. Once all the above requirements are met, and you have been evaluated to receive the Teach Grant, it will be awarded for the 2019-2020 academic year. The award will be viewable on your MYAKRON. (Please note, you must maintain a 3.25 GPA each term to continue to receive the award).
